

# Getting started with ParentsWeb

Shiloh has transitioned to new academic portal called **ParentsWeb** by RenWeb. We use the RenWeb information system to store grades, student information and other school information. For people familiar with Edline, ParentsWeb is a similar system that is replacing Edline here at Shiloh Christian.

**RenWeb's ParentsWeb** is a private and secure parents' portal that allows parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

## Instructions

- First, you need to make sure that the school has your email address in RenWeb.
- Next, go to [www.renweb.com](http://www.renweb.com) and click **Logins**.
- Click **ParentsWeb Login**.
- Type your school's **District Code** of **SHL-AR**
- Click **Create New ParentsWeb Account**.
- Type your email address and an email is sent to you.

- Click the **Click to change password** link. This link is only valid for 30 minutes.
